### Donor Spotlight: PALGHAR PROJECT

Palghar is a tribal dominated district of Maharashtra. It is grappling with the epidemic of Malnutrition with 600 child deaths last year. There are a total of 1,90,464 kids in 3195 Anganwadis. These kids combat hunger and go without food for days. In a region so tribal and conditions exceptionally unfavourable, malnutrition deaths for kids below 5yrs is a normal scenario.

TBR has partnered with Palghar's ICDS government cell and is eligible to cater to the entire district under this permission. **Our aim is to reach 100 Anganwadis by Q1 2019.**

TBR initially started with a pilot project of 10 anganwadis (250 kids) .With the support from our donors we have extended our program to 30 more anganwadis (500 kids) after which we have covered the entire district of Safale at Palghar. Under our program these children receive access to fortified meals and hygiene & nutrition education. These power packed meals will help them combat malnutrition.

### News

#### The Breakfast Revolution extends their Nutrition program to Rajkot District

TBR partners with Sister Nivedita Foundation(SNF) and Yuva Pragati (YP) to provide the nutrition program to 500 children around 3 ashramshalas in Rajkot district of Gujarat. At the health camp conducted on 22nd July, these kids received nutrition and hygiene education. We intend to provide a special puberty education to the girls.

#### TBR Program in partnership with the Jewelex Foundation shows a strong impact in its first 3 months

The Breakfast Revolution had partnered with Jewelex Group to provide 500 kids of S.N.Kothari School, Palanpur with their nutrition program.

**43%** of 500 children showed significant improvement in their nutrition status within the first 3 months into the program.

**520%** avg. weight gained than that of a child not into the program (1.82kg v/s 0.35kg)

#### TBR along with Grassroot organizations to bring a difference in the lives of malnourished.

Organizations like Shradha and Akhil Hind Mahila Parishad (AHMP) are group of self-organised individuals who pursue common interests towards betterment of society. These grassroots organizations connected with TBR to bring a difference in the lives of their beneficiaries. Orphanage supported by Shradha having around 40 kids

(6-18 yrs old) and AHMP's balwadi with 150 children (2-15 yrs) have implemented the TBR program.

TBR applauds grassroots organizations like these for their effort to promote better living of the underprivileged through holistic means. With projects like these TBR is committed to **#EndMalnutrition**.
